

INSTRUCTIONHomework/Make-up WorkHomework

The Board of Trustees believes that homework serves many important purposes. The administration and certificated staff shall design homework plans and assignments so that through their homework, students can reinforce academic skills taught in school and learn how to conduct research effectively, develop ideas creatively and become life-long learners.

The Board believes that homework is the responsibility of the student. It is the student's job to develop regular study habits and to do most assignments independently. The Board encourages teachers at all grade levels to use the parent/guardian as a contributing resource and to structure homework assignments so as to involve the parent/guardian without diminishing the student's sense of responsibility. When assigning homework which involves interaction with parents/guardians, teachers should include instructions which show how parents/guardians can best help their children.

To be effective, homework assignments should not place an undue burden on students and families. Homework should reinforce classroom learning objectives and be related to individual student needs and abilities.

The Superintendent shall ensure that each school site develops an effective homework plan in accordance with Board policy and administrative regulation.

Make-Up Work

Students shall be given the opportunity to make up school work missed because of an excused absence and shall receive full credit if the work is turned in according to a reasonable make-up schedule.

Teachers may require a suspended student to complete any assignments and tests missed during suspension.

Students who miss school work because of unexcused absences or suspension shall be given the opportunity to make up missed work. Teachers shall assign such make-up work as necessary to ensure academic progress, not as a punitive measure.

1. For each grade level, the amount of time that students shall be expected to spend on homework
2. For each grade level, the extent to which homework assignments shall systematically involve participation by parents/guardians
3. The means by which parents/guardians shall be informed about:

 - b. How homework relates to the student's grades
 - c. How best to help their children
4. Techniques that will be taught to help students allocate their time wisely, meet their deadlines and develop good personal study habits
5. The access that students shall have to obtain:

 - b. Assistance and/or tutoring through telephone help lines and/or after-school centers
6. The means by which teachers shall coordinate assignments so that students do not receive an overload of homework one day and very little the next
7. For each grade level, the extent to which homework assignments shall emphasize independent research, reports, special reading and problem-solving activities

Makeup Work

The Superintendent or designee shall notify parents/guardians that no student may have his/her grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

HOMEWORK/MAKEUP WORK

The Board of Education recognizes that homework contributes toward building responsibility, self-discipline and life-long learning habits, and that time spent on homework directly influences students' ability to meet the district's academic standards. The Board expects students, parents/guardians and staff to view homework as a routine and important part of students' daily lives.

(cf. 6011 - Academic Standards)

The Superintendent or designee shall ensure that administrators and teachers develop and implement an effective homework plan at each school site. As needed, teachers may receive training in designing relevant, challenging and meaningful homework assignments that reinforce classroom learning objectives. Teachers' expectations related to homework may be addressed in their evaluations.

(cf. 4115 - Evaluation/Supervision)

(cf. 4131 - Staff Development)

Although it is the student's responsibility to do most homework assignments independently, the Board expects teachers at all grade levels to use parents/guardians as a contributing resource. When students repeatedly fail to do their homework, parents/guardians shall be notified and asked to contact the teacher.

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

To further support students' homework efforts, the Superintendent or designee may establish and maintain telephone help lines and/or after-school centers where students can receive encouragement and clarification about homework assignments from teachers, volunteers and/or more advanced students who are performing community service. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services.
